

### Welcome to my new web site about the fantastic world of Brisca Formula One stock cars

This is the most exciting ground shaking motorsport in the World. If this sport does not move you "Your Dead" (Jonathan Lewis)

Thank you for looking at my web site and I hope you like it, please come back regularly to check on my exploits as I try and get to the top in this amazing sport.

Remember I am 48 years old and giving it one last push in something I have wanted to do since I was a young boy. During late November and December I will take my first steps in my new ex Frankie Wainman car to see if I can crack this sport.

If you like what you see please join my new fan club and get your 357 supporters gear from the FWJ racing transporter in the pits at all 2010 Brisca meetings. Remember I built this site myself so cut me some slack for grammar and spelling, as I learn I will get better !!
